

Labuan Bajo Memorandum

Prototype investment memorandum for Labuan Bajo, East Nusa Tenggara.

Executive Summary

Gateway to Komodo and marine tourism with strong premium eco-tourism appeal and growing hospitality demand. This placeholder memorandum is designed for the microsite download flow and should be replaced with an approved destination-specific investment memorandum before publication.

Indicative Focus

Eco-resorts, marina services, dive operators, sustainable mobility

Investor Fit

Hospitality groups, mixed-use developers, impact investors, operators, and strategic partners seeking tourism exposure in Indonesia.

Dummy Opportunity Metrics

Metric	Prototype Value
Available land	25-150 ha, subject to site confirmation
Minimum investment	USD 5-25 million indicative range
Expected return	8-14% illustrative project IRR range
Readiness	Pre-feasibility stage for prototype demonstration
Next step	Contact Investment Relations and review OSS/NIB pathway
